Pat Seppi said Pete had a bunch of comments. Your e-mail said he did not. I just wanted to be sure there was nothing I should have added to the comments I sent to Pat Evangelista last week!

Subject: Monroe comments on leachate introduction plan

Hi John,

The RA provided no objections to sending EPA comments on the Leachate Reintroduction Plan to NJDEP. No changes to the comments are needed, so please send NJDEP the latest version of the comments.

Please provide to Gwen Zervas this morning with explanation that, as lead agency, we are providing NJDEP the comments directly and she may send EPA comments, with her comments, to Republic Services. Please copy Pat Seppi and me when you send the comments to Gwen. Please send Gwen the comments this morning, if at all possible, to provide her enough time to review them and ask questions of us before she provides them to Republic.

The RA wanted to make sure that the community is informed of the testing before it occurs and before contractors become visible in the neighborhood. Pat Seppi was on the call with the RA and understood. I followed up with Pat Seppi after the call and Pat S. will be sending an e-mail to Shannon Cenci to make her aware of that.

Any questions, give me a ring 4410.

Thank you,

Rich
